

Like Item Pricing

VOLER's advanced "like item pricing" system allows you to combine like items within each group below to meet the 25 piece minimum.

EXAMPLE: 10 short sleeve jerseys + 10 short sleeve skinsuits + 5 vests = 25 piece minimum

Or, lower your price by combining items within a category to meet the next price break.

EXAMPLE: 25 short sleeve jerseys + 10 short sleeve skinsuits + 15 vests = 50 piece price break

(You **cannot** order 25 short sleeve jerseys + 25 long sleeve jerseys to get the 50 piece price break, because they are in different categories.)

***Sublimated Arm Warmers** can be used for long sleeve minimums, but **cannot** be used for quantity price breaks.

Sublimated Gloves, Shoe Covers and Skully's need to accompany a **jersey** order. Also, these items are not available to combine with other items, each item has a 25 piece minimum.

Skinsuits can be counted in both the tops category as well as bottoms category to reach minimums and price breaks.

A minimum of 10 **skinsuits** or a total of 25 **bottoms** including skinsuits must be ordered to have **artwork on short panels** included in the price. Otherwise skinsuits will have solid short panels.

***Peloton Shorts** are considered a separate item from **Team Shorts** and cannot be combined for price breaks.
