Voler's "Like Item Pricing" allows you to combine any items within a specific "Like Item Category" to meet the category minimum.

Example: 5 Short Sleeve Jerseys + 5 Wind Vests + 5 Long Sleeve Jerseys = 15 Short / Long Sleeve Like Items.

Or, lower your price by combining items within a category to meet the next price break. Example: 15 short sleeve jerseys + 15 vests + 20 short sleeve skinsuit = 50 pc pricing on all items for that category.

The above price list is broken down by each Like Item Category.

Re-orders

5 pc minimum per like item category on re-orders using the same artwork as main order. We price match your original order quantity pricing. Example: If you had 50 pc in the short sleeve category on your original order, you will receive the same 50 pc pricing on a re-order, even if you only meet the 5pc minimum. Re-orders apply to orders that fall within the same season of Oct 1-Sept 30.
